RUMANIA THREATENS TO INTERVENE IN WAR OF BALKAN STATES

Army is Ready to Attack Bulgaria if Latter Gains Ascendancy Over Serbia.

WOULD PRESERVE BALANCE

Will Attack Serbia if that Nation Wins the Battle.

BULGARIA IS READY TO QUIT

Notifies Powers it is Willing to Negotiate for Peace.

COMMANDERS IN CONFERENCE

Losses on Both Sides So Heavy that it is Feared Cholera Epidemic Will Get Beyond Control.

LONDON, July 9.—The invasion of Bulgaria by the Rumanian army, whose mobilization will be completed this week, will begin forthwith according to Rumanian diplomats here if in the meanwhile the results of the hostilities appear to be going against Serbia.

It is asserted that the sole object of Rumania is to insure against any disturbances of the balance of power in the Balkans being detrimental to it as it would be if Bulgaria were too powerful. Should the Serbians be victorious in the war Rumania is prepared to intervene on the side of Bulgaria with the same object in view. At the same time Rumania is always sharing its course to secure its own future safety by the occupation of what it considers an adequate strategic frontier—namely the line from Turtukai on the Danube to Bialkik on the Black sea.

Bulgaria Willing to Negotiate.

VIENNA, July 9.—The Bulgarian government is reported to have sent a circular to the European powers expressing its readiness to negotiate for peace.

The Bulgarian and Serbian commanders-in-chief are stated here to be already negotiating an armistice as the losses of both armies in killed and wounded are so immense and it is feared that the epidemic of cholera, which has broken out among the troops, may get beyond control.

Rumania May Attack Bulgaria.

COLOGNE, Germany, July 9.—Nobody acquainted with conditions in the Balkans can doubt that Europe will be confronted shortly with events of the utmost importance affecting the political and military relations of Austria-Hungary and Russia, according to the Sofia correspondent of the Cologne Gazette.

Greece Capture Seres.

BELOGRADE, July 9.—The town of Seres, about forty-five miles to the northeast of Saloniki, was captured today by the Bulgarians by the Greek army, according to official dispatches received here.

The Greek fleet is reported to be bombarding the seaport of Kavala on the Aegean sea, now in the hands of the Bulgarians.

BACHELOR'S HOUSE AND CLOTHES BLOWN AWAY

PIERRE S. D., July 9.—(Special.)—A tornado which swept through Perkins county last week evidently did a great deal of minor damage to buildings and haystacks. The storm came in the evening and found one of the bachelor home-steaders in bed in his sod shanty, and the wind took everything except a piece of blanket which he managed to retain in his grasp, and this was his only garment when he reached the house of a neighbor, asking for shelter. The total loss to home-steaders was heavy, but scattered among many losers the greatest at any one place being put at about \$1,000. A heavy rain accompanied the storm as compensation for the wind loss.

CHIEF OF CUBAN NATIONAL POLICE DIES OF HIS WOUNDS

HAVANA, Cuba, July 9.—General Armando Riva, chief of the Cuban national police, died today of wounds received Monday evening during a pistol fight on the Prado after he had raided a gambling club. General Ernesto Abert, governor of Havana province, Senator Vidal Morales and Representative Arias are under arrest awaiting trial in connection with the crime.

HANO NUOMO FORMALLY CHARGED WITH MURDER

CHICAGO, July 9.—A formal charge of murder today was placed against Hano Nuomo, a Macedonian, held as a suspect in connection with the killing of Mrs. Flossie Woodruff, whose body was found in the rear of 336 Monroe street, about a week ago. Information given by two men, who roomed with Nuomo led to his arrest. Two other men are said to have identified him as the man with whom Mrs. Woodruff left a West Side saloon the night of the murder. Nuomo denies that he ever met the woman.

The Weather.

Forecast till 7 P. M. Thursday: For Omaha, Council Bluffs and vicinity—Fair Thursday; slightly cooler. Temperature at Omaha Yesterday: Hour Degree: 5 A. M. 62, 6 A. M. 64, 7 A. M. 66, 8 A. M. 68, 9 A. M. 70, 10 A. M. 72, 11 A. M. 74, 12 M. 76, 1 P. M. 78, 2 P. M. 80, 3 P. M. 82, 4 P. M. 84, 5 P. M. 86, 6 P. M. 88, 7 P. M. 90.

GUARD DESERVES ARMY

Colonel Fetterman Resents Attack of Legislative League.

QUESTIONS MOTIVE OF MOVERS

Says Appeal to Referendum is Little Less Than Insult to Young Men Who Did Service in Omaha.

"After having failed elsewhere in Nebraska to obtain sufficient signatures for a referendum petition against a \$50,000 appropriation for a state armory at Nebraska City, I observe that the Veterans Legislative league, has sent Prof. L. A. Tuckerman of the state university to Lincoln headquarters to Omaha in desperate attempt to fill the petition with 7,000 names within a week," says Colonel A. D. Fetterman, inspector general of the Nebraska National Guard.

The fact is that the attempt to invoke the referendum measure is an unworthy and unpatriotic attempt to cripple the Nebraska National Guard, and the doing so at this time is little less than a direct insult to the 800 young men of the state who last March and April right here in Omaha spent their days and nights tramping about in the rain and snow on guard duty in the tornado zone.

Circulators are being employed at a price of 25 cents per signature obtained. And there is plenty of evidence to show that some have used devious methods to earn their money. One favorite subterfuge is to represent to friends of the soldier-boys that the petitions are designed to make possible the building of the armory. I do not accuse the league or any of its officers of practicing this deception, but the men in their employ have done so, and should be watched.

"But two arguments are being used against the measure, one that it was rolled through the legislature, and the other that it will be the precedent for the building of more armories. Let me ask how many appropriations have been put through the Nebraska legislature at any session without being subject to the charge of being log rolled; and let me state with reference to the demand for other armories, that it will certainly come, that other armories will be built wherever they are needed, and that in the building of the Nebraska National Guard is permitted to develop as it should. Omaha will be one of the cities that will be favored with a state armory, of which both the city and state will be proud."

Educators Discuss Teaching of Sex Hygiene in Schools

SALT LAKE CITY, July 9.—Teachers in attendance at the National Education association convention here listened to numerous addresses and reports in addition to giving attention to the campaign of child-study in the schools.

After the first address, Dr. Dodge looked after the children. The school took a collection among themselves and Huffman was taken to a hospital in Lincoln for treatment. Huffman of Hastings used rough language to Dr. Dodge and was deserted by his companions. About half of the tramps boarded the train and went east to Lincoln. They claimed they were seeking work, having come from the harvest fields of Kansas.

Drawings Made for Play for Davis Cup

NOTTINGHAM, England, July 9.—The draw for the lawn tennis matches between the United States and Germany in the first semi-final of the preliminary contests to select a team to challenge the English holders of the Dwight F. Davis International trophy, was made today.

The matches are to be played here July 10, 11 and 12. The United States will be represented by Maurice E. McLoughlin of San Francisco, R. Norris Williams of Philadelphia and Harold H. Hackett of New York and by Wallace F. Johnston of Philadelphia.

The German team is composed of Otto Froitzheim, Oscar Krutzer, Friedrich Wilhelm Rahe and Heinrich Kleinschroth. Two singles matches are to be played tomorrow, when Williams meets Krutzer and McLoughlin meets Froitzheim. On Friday McLoughlin and Hackett will meet Rahe and Kleinschroth in the doubles.

THREE BUSINESS HOUSES BURN AT HITCHCOCK, S. D.

HURON, S. D., July 9.—(Special.)—A fire broke out yesterday morning in the O'Brien block, corner of Hitchcock, north of here on the Northwestern, and spread to the Northwestern hotel and the Kyle restaurant, totally destroying these three buildings. The fire was kept from spreading further by a vacant lot intervening between the burning buildings and those next to them. The origin is not now known. For a time the whole business district was threatened.

SIX SOLDIERS KILLED IN WRECK NEAR MANILA

MANILA, P. I., July 9.—Six men were killed and thirty injured today when a flat car, crowded with members of the coast artillery, was wrecked between here and Corregidor, about thirty miles south-west of the city. The soldiers were proceeding to the drill ground at Corregidor when the flat car jumped the track and overturned.

WASHINGTON, D. C., July 9.—The six soldiers killed in Manila yesterday, when a flat car jumped the track and overturned, were Private Boyd Mages of the quartermaster's corps; Louis D. Keonig; Elmer Westinghouse; John Paul Albert B. Wells and George Hughes, according to a dispatch received at the War department today. All belonged to the Ninety-fifth company, coast artillery.

TRAMPS IN BATTLE; TWO FATALLY HURT

Sixty-Five Men Try to Hold Possession of Rock Island Freight Train.

CREWS USE THEIR REVOLVERS

Hoboes Bound for Omaha Resist with Old-Style Clubs.

TRAMPS SHOT THROUGH EYE AND ANOTHER'S BACK BROKEN.

ENGINEER IRELAND IS INJURED

Man Who Uses Abusive Language to Physician Who Cares for Injured is Left Sealed by Companions.

FAIRBURY, Neb., July 9.—(Special Telegram.)—A fierce fight in which a number of shots were fired, two men were probably fatally injured and many others hurt occurred last night at Junction, near here, between sixty-five tramps and the train and engine crews on eastbound freight No. 34 on the Rock Island railroad.

The tramps arrived in Fairbury early Tuesday and boarded the train in the Fairbury yards last night, attempting to go to Omaha. They took possession of a freight car.

At Jansen Conductor Joe Mack, Engineer D. J. Ireland and the balance of the crew decided to make them get off. When the train stopped in front of the Jansen station the tramps were ordered off and they refused to leave the train. A fierce battle took place.

The tramps drew revolvers and fired several shots. The tramps used brick-bats and clubs. All the windows in the Rock Island station were broken, as well as the caboose windows.

One of the tramps, who gave his name as Jacob H. Huffman, was shot through the bridge of the nose and the bullet pierced his right eye. He may die. He is 30 years of age and claims his home is in Columbus, O.

Another tramp, giving his name as William Ingraham, and his home in Hastings, was thrown from the top of the car to the ground. His back was broken.

Sherriff Ed Hughes and Coroner S. W. Dodge of this city were notified of the fight and hastened to Jansen. The fight lasted about thirty minutes and residents of Jansen were badly frightened. Engineer D. J. Ireland was badly bruised and hurt in the fight. About forty of the tramps were under the influence of liquor.

After the fight subsided, Dr. Dodge looked after the injured men. The hoboes took a collection among themselves and Huffman was taken to a hospital in Lincoln for treatment. Huffman of Hastings used rough language to Dr. Dodge and was deserted by his companions.

POLICE WHO AIDED BUNCO MEN ARE GIVEN YEAR

SAN FRANCISCO, July 9.—Charles H. Taylor and Arthur P. Macpherson, police officers found guilty of having sold protection to a ring of bunco men, were given today the maximum penalty of one year in the county jail. Eight policemen have now been sentenced, of whom six pleaded guilty to the charges growing out of the disclosure made by the convicted bunco men.

Ready for Delivery

NEW HAVEN'S METHODS BAD

Financial Operations of Road Criticized by Commission.

TOO MANY OUTSIDE INTERESTS

Corporation Should Have Paid Big Dividend and Had a Surplus Instead of Showing a Deficit.

WASHINGTON, July 9.—Financial operations of the New York, New Haven & Hartford railroad, its ownership by trolley lines and control of allied New England railroads are condemned in a measure issued by the Interstate Commerce commission in the report of its investigation made public here today.

The commission's conclusions are: "That the 'outside' financial management has been wasteful in the extreme, and that had the New Haven confined itself to actual railroad activities under the same conditions that prevailed in other respects 'it could have paid a dividend of 5 per cent for the fiscal year, 1912, and carried to surplus account \$1,794,000 instead of showing a deficit of \$950,000."

The New Haven's agreement with the Boston & Albany is "violative of the spirit of the statute against the restraint of competition and should be cancelled."

"In our opinion," says the commission, "this line should be kept entirely free from New Haven control."

That the New Haven should divest itself of its trolley lines, not because the present ownership is in violation of law, but because such ownership might be used to prevent the building of competing lines in the future.

That the Boston & Maine's merger with the New Haven, if permitted to stand, will result in "an almost exclusive monopoly of transportation facilities by railroad in the greater part of New England."

Service Comparatively Good. That passenger train service, without considering safety of operation, on the New Haven, is distinctly better than any other line entering New York and that of Boston & Maine equally as good. Both routes, however, are criticized adversely for lack of state care.

That the freight service of the Boston & Maine, "is much less reliable than that of either the Pennsylvania or the Baltimore & Ohio, while that of the New Haven is slightly inferior to the Pennsylvania, but about on par with Baltimore & Ohio."

Three Men Killed by Storm in Illinois; Damage is Heavy

CHICAGO, July 9.—Blisk winds, attaining a velocity of sixty miles an hour, blinding sheets of rain and hail, combined in a storm which swept northern Illinois, southern Wisconsin and parts of Indiana late yesterday, killing three persons, injuring a score of others, tearing roofs from buildings and blowing down barns.

FRANK O'LEARY, farmer, killed when lightning bolt struck a barn near Woodstock, Ill. ARTHUR PETERSON, 35 years old, struck by lightning in gravel pit two miles south of Elgin. UNIDENTIFIED MAN, killed at Marquette, by bolt of lightning, which struck a barn in which he had taken refuge.

Reports from southern Wisconsin claim injury to the tobacco crops in the fields near Janesville. Illinois points report corn to be blown flat in some of the fields.

Property damage from the wind will not be large. The closing of the bank clears the banking and financial atmosphere of Pittsburgh. Outside of this institution the banking conditions there are excellent and there is no cause for any further anxiety, said he.

Dr. Clark Again Heads Christian Endeavor Society

LOS ANGELES, Cal., July 9.—Following the arrival of the New England special this morning, thirteen special trains were scheduled to reach Los Angeles today, bringing an estimated number of 10,000 delegates to the twenty-sixth international Christian Endeavor convention, which will begin tonight.

Among the 600 more passengers on the New England special was Francis E. Clark, founder and president of the Christian Endeavor society.

The election of officers was a purely routine affair. Dr. Francis E. Clark, founder of the society, was unanimously re-elected president.

"We expect to keep Dr. Clark at the head of the Endeavorers as long as he lives," said Secretary William Shaw of Boston.

Two Thousand Troops Are Detailed to Help Fight Forest Fire

SAN FRANCISCO, July 9.—Two thousand soldiers, sailors and naval apprentices were detailed by the governor today to fight the fire still stubbornly eating into the brush-covered sides of Mount Tamalpais. Eight companies of coast artillery were on duty in the brush, 1,000 sailors were held in reserve and for relief duty at Sausalito and its apprentices from the naval training station on Yerba Buena island, joined them this morning.

WILL PROSECUTE BANKERS

Treasury Department Collects Evidence for Attorney General.

ALL QUIET AT PITTSBURGH

Run on Savings Bank is Lighter and Many Are Making Deposits—McKeesport Bank Will Be Reopened.

WASHINGTON, July 9.—Secretary McAdoo before the close of the day expects to ask Attorney General McReynolds to investigate alleged irregularities in connection with the closing of the First-Second National bank of Pittsburgh and determine whether the national bank act has been violated.

Sufficient facts have been collected by the Treasury department, it is said, to warrant immediate intervention by the Department of Justice.

Thomas F. Kane, acting comptroller of the currency, who returned today from Pittsburgh, where he closed the First-Second National bank, declared that the First National bank of that city should have been "closed up or closed up" at the time of its merger with the Second National bank several months ago. The merger was authorized by Lawrence O. Murray, former comptroller of the currency. At that time, Mr. Kane declared today, the First National's capital was badly impaired and the bank was not a good condition and there was no reason why it should have closed, other than because of the run that started on it by reason of the Kuhn connection with the bank.

The closing of the bank clears the banking and financial atmosphere of Pittsburgh. Outside of this institution the banking conditions there are excellent and there is no cause for any further anxiety, said he.

McKeesport Bank Will Reopen. "The First National bank of McKeesport which suspended a few hours after the First-Second National bank was closed, is arranging for resumption of business in a few days. The bank is in a good condition and there was no reason why it should have closed, other than because of the run that started on it by reason of the Kuhn connection with the bank. The board of directors of this bank will be reorganized and the Kuhn interests eliminated before it is reopened."

Details of the causes which induced the Treasury department to close the bank Monday morning became known today with the return of Comptroller Kane. He declared that information concerning the government's surveillance of the bank leaked out and one big depositor withdrew \$500,000 last Saturday. Government officials then learned that other big depositors contemplated making heavy withdrawals Monday. To prevent the large depositors gaining the advantage of saving their deposits at the expense of little depositors, who were not aware of the circumstances, the government refused to let the bank open.

Run on Savings Bank Lighter. PITTSBURGH, Pa., July 9.—When the Pittsburgh bank for savings opened for business this morning the run that was started on Monday upon the closing of the doors of the First-Second National bank was resumed, but not in such volume as on the two previous days.

Police regulations continued to be maintained and all the revolving windows were thrown open, for the use of those desiring to withdraw money. Those who came to deposit found much difficulty in being waited on quickly and complaints from these, President W. J. Jones said, was a demonstration of the confidence in the bank.

HOUSE WILL INQUIRE INTO CHARGES MADE BY MARTIN MULHALL

Committee of Seven Will Be Appointed to Investigate Work of All Lobbyists.

MAN DENIES ALLEGATIONS

Leader Says Changes in Judiciary Were Not Made by Watson.

SENATE TAKES TESTIMONY

Sugar Lobbyist Says He Was Paid Thirty a Day.

SPECULATORS USE FARMERS

Union Officials in Southern States Approached by Men Who Ask Them to Wire Senators and Representatives.

WASHINGTON, July 9.—Investigation of the Mulhall charges and all other charges of lobbying was authorized by the Henry resolution passed by the house today. In face of the great opposition by Representative Levy of New York, provision allowing a committee of seven to employ counsel was returned to the bill. The investigation is expected to begin at once.

Speaker Clark appointed the following committee to conduct the investigation: Garrett of Tennessee, chairman; Chis, Indiana; Russell, Missouri; and Rockefeller, Georgia, democrats; Stafford, Wisconsin; and Willis, Ohio, republicans and Nolan, California, progressive.

When the house prepared to vote today on the proposal to have a special committee investigate the charges of Mulhall, republican, elder Mann branded as "bold liar" Mulhall's published statements that former Representatives Pearce of Maryland, Vreeland of New York and Bannan of Ohio were removed from the judiciary committee "at the behest of the association through the influence of former Representative Watson."

Pearce's health was the cause of his failure of reassignment. Mr. Mann declared, Vreeland never was a member of the judiciary committee and Bannan failed of reassignment because he had not been re-elected to congress.

Representative Henry replied by quoting a statement from Pearce that he had been removed by former Speaker Cannon at the instance of the Manufacturers' Association.

Lobbyist Paid Thirty a Day. A. D. Bostwick, a Cleveland attorney before the senate lobby committee today testified that in Washington, talking to congressmen about the sugar tariff, he represented Alexander and Bostwick of New York and received \$30 a day.

A. E. Smith of Tennessee, Ga., president of the state branch of the Farmers' union, was questioned about a meeting of a committee of the National Farmers' union at New Orleans last spring, at which a scheme to increase the consumption of cotton was to be discussed.

He testified that his experience there were paid by R. D. Bowen, president of the Texas branch of the union. President Barrett of the national organization was not present.

Speakers Use Farmers' Union. H. H. Mobley of Prairie Grove, Ark., president of the State Farmers' union, called by Bowen. He signed a telegram to the Arkansas senators at Bowen's dictation, asking for a hearing for Arkansas cotton interests.

"I am slow to make accusations," said Mobley, "but I have come to know that at all our meetings, state and national, we are surrounded by men, who want us to do something for their interests."

William Whitman of Boston, former president of the National Association of Wool Manufacturers, and president of the Arlington mills at Lawrence, Mass., was the next witness.

Whitman testified that the Arlington mills, with an output of 600,000 pounds of cotton yarn and 400,000 pounds of wool a week, had not been running at capacity on account of poor market conditions first noticed in 1908. Conditions are worse now, he said, than ever known. From 1894 to 1907 the mills had run practically on full time. He did not know just how the National Wool association raised its funds.

Chairman Overman announced that the National Association of Manufacturers had requested him to subpoena former Senator Aldrich, former Speaker Cannon and about forty other men now prominent in congress and official life to testify.

Think of the Youngsters These Hot Days

See that their wants are carefully looked after.

The very little ones cannot express their needs in speech, and they must be constantly cared for.

Articles for the bath, toilet preparations, suitable food and seasonable clothing must be purchased. THE BEE will soon have a special issue devoted to the best advantage for the children when July days are hottest.

The advertisements in THE BEE will tell you where to buy dainty dresses for the infants, cool and washable frocks for the girls of 2, 3 and 4 years, and pretty dresses for the bigger girls.
